

Toddlers love to explore and experience! Music Funtime provides a quick paced, structured musical learning environment where children and the people that love them sing, dance and play instruments. Children 14-36 months are introduced to music concepts while gaining exposure to various instruments, including the piano and violin.

Skills learned in Music Funtime will prove invaluable in every area of a child's life.

Music Funtime equips parents with the knowledge and inspiration to create music at home during the week. Each 10 week session focuses on one of three different music concepts, covering melody (the Major scale), Time Signatures and Rhythm. At the end of each session students will take part in a musical performance.
